EVERY BUSINESS SHOULD BE REPRESENTED

THIS IS THE WAY an exchange sums up the situation: No business man in any town should allow a newspaper published in town to be printed without his name and business mentioned somewhere in its columns. This applies to all kinds of business, general stores, dry goods, grocers, furniture dealers, professional men and in fact all classes of business men. This does not mean that every issue of the paper, but your name should be mentioned even if you do not use more than a two line space. A stranger picking up a newspaper should be able to tell the business represented by looking at the business line-up in the paper.

THE GOVERNMENT WAR LOAN

THE SECOND WAR LOAN of the Dominion Government is now open to investors and will be closed on September 23rd or before that date if subscribed in full. The first war loan floated a year ago was originally \$50,000,000, but being oversubscribed to over double the amount being raised to \$100,000,000. The present loan is for \$100,000,000, and it is confidently expected that it will be fully subscribed within two or three days of its issue.

No matter how little wealth each of us may have as individuals, it is a fact that the Dominion, as a whole, is immensely wealthy and can absorb war loans of this size several times over. It is very much better also, that loans of this kind should be taken up by citizens of Canada, rather than be peddled round for bidders in New York. If Canadians can finance themselves so much the better for Canada.

People who may chance to own a few hundred dollars which are not working, or are only drawing bank interest of 3 per cent, should promptly place their spare money in these Government War 5 per cent Bonds. This is a world of uncertainties, but among all the things which may be regarded as relatively certain, a Canadian Government War Bond stands right in front.

Either of the local banks, the Merchants or the Union, will explain the bond business fully to investors, if any explanation is needed in connection with the advertisement appearing in today's issue.

FIRE PREVENTION IN SCHOOLS

THE PROTECTION of pupils from fire and panic is the first duty of those in charge of schools. Schools are now open for the autumn term and the institution of fire drills should be undertaken without delay. Many scholars will be new to the school or, by promotion, will be unaccustomed to their surroundings and, in case of fire or fire alarm, disastrous results might follow.

In an eastern city, within ten days after the opening of the last school term, two fires occurred, fortunately in the absence of the pupils. In these schools fire drill had been undertaken at the inception of the term. The occurrence of fires so early in the school term, however, demonstrates the necessity of giving first attention to this form of security to pupils.

The principal and teachers should also familiarize themselves with the school buildings, noting any dangerous conditions for immediate attention.

Accumulations of papers, disused furniture and school supplies are stored in basements and attics, and accentuated by deposits of dust, create serious fire-danger from spontaneous combustion. Chimneys or pipes passing through attics should be carefully inspected for any cracks or defects from which sparks could be emitted.

The care of waste paper is important. Metal waste paper baskets should be used and the contents burned as soon as the baskets are full; under no circumstances should they be allowed to accumulate. The burning should be done in a safe place, away from frame outbuildings or fences, and should be carried out by either the teacher personally or by some reliable senior pupil.

The heating apparatus, be it stove or furnace, should be carefully examined and placed in fire-safe condition.

Ashe should be kept in metal containers and should never be deposited near frame buildings or wooden fences. Wood should not be placed close to the stove or furnace to dry. This is very dangerous practice, and has caused many fires.

All doors leading from classrooms, corridors and school buildings should open outward and should never be locked during school hours.

In the larger schools where a janitor is employed it should be part of his duty to make a daily inspection of the school premises from basement to attic. This should be imperative and not simply a matter of convenience. The position of janitor or caretaker of a school is an important one. The custody of valuable property and the protection of many lives are in his keeping. Too often the only qualification for this is the low salary at which a man may be secured. The position should be made one of ample salary and a reliable and qualified occupant employed; strict attention to duty be then insisted upon.

There has been a material reduction in the number of school fires during the past few years. In 1913 there were 35 school fire losses, in 1914 there were 26, while in 1915 there were only 11. It is hoped that 1916 will show that, owing to the greater care exercised by those responsible, school fires have been entirely eliminated.

WINNIPEG MAYOR'S NOTE OF WARNING

Manufacturing, Rather Than Wholesale, Necessary to Build up Community—Convincing Statistics

In a recent speech to the Canadian Credit Men's Association, at Winnipeg, Mayor R. D. Waugh gave some very interesting statistics showing the deterioration of Winnipeg as a manufacturing centre. No one can accuse Mayor Waugh of being an exponent of protection or interested in manufacturing enterprises; he simply spoke as the civic head of the greatest city in Western Canada—and as a business man who analyzes a source of economic loss to his community.

The mayor stated he might be too optimistic, yet he ventured the opinion that we in this favored land of Western Canada had passed through the critical period in the great economic crisis which the world is experiencing. He trusted that this period in our history would be the beginning of a new era of sane productive development of our great natural resources and possibilities. The promotion of manufacturing interests is one of the live topics of the day, and in this connection his worship gave the following facts and figures. These figures refer to the manufacture of goods in Winnipeg, and the importation of goods into Winnipeg, comparing the past two years:

1914	1915
Output of...	25% loss
Mfrs. ... \$ 45,000,000	\$32,000,000
Lab. hands 18,000	12 to 14,000
Wages ... 10,000,000	7,500,000
Imp. goods 140,000,000
Total goods man. and imported 185,000,000

Working Day and Night
 It is a known fact that Eastern factories are working day and night to keep V. V. assets forth in Certificate of Title No. 80-K-23, has produced proof of the accidental loss or destruction of the duplicate Certificate of Title heretofore, and has applied to me for the issue of him a fresh duplicate Certificate of Title.

1914 Manufactured 180,000,000
 Population Products Population
 Mon. 650,000 \$300,000,000 46,000,000
 Tor. 450,000 200,000,000 44,000,000
 Win. 200,000 43,000,000 21,000,000

This clearly shows that Eastern manufacturers are increasing their output tremendously per 100,000 population, while in Winnipeg we show a large decrease as compared with 1914. As closely as can be estimated, Winnipeg will not average \$14,000,000 worth of manufactured goods per 100,000 people, or \$5,000,000 less than in 1914. In that year it was estimated that Winnipeg manufacturers employed approximately 18,000; in 1915 fourteen to fifteen thousand at the outside. Wages of the workers consequently will decline from \$10,000,000 to a little over \$7,500,000, with a corresponding decrease in the purchasing power of the individual.

In 1914, Winnipeg imported goods to the value of \$140,000,000. This makes a total of manufactured and imported goods of \$183,000,000. "If," said Mayor Waugh, "we could manufacture one-half of this amount in the city of Winnipeg, it would make a payroll on the basis of these figures of approximately \$12,000,000, and instead of employing 18,000 people we would have over 40,000 at work in our factories."

Buy Home Products
 "Most of the food products made in Canada are manufactured under a government standard. Therefore, the goods made in Winnipeg are just as pure as those manufactured anywhere in the Dominion, furthermore, they are decidedly fresher and have less 'shrinkage' from the consumer's standpoint. If we are to be a greater commercial centre we must develop our manufactures and support our manufacturers by purchasing home products whenever possible."

These figures clearly indicated that we are unconsciously endeavoring to construct a warehouse city. We import \$140,000,000 of goods in a year—not for the consumption of Winnipeg, but it is remembered, but for transshipment and re-sale to the urban and rural population of the Canadian West. That the vast proportion of this great Western order is not made in Canada would seem evident.

Conspicuous is at times a useful factor. In Western Canada we have neglected manufacturing and the building of the home market, consequently we must decrease the population of our cities, for the factory workman, if he can, follows the job.

Tariff and the States
 A protective tariff has made the United States the wealthiest nation in the world. Doesn't it seem foolish to destroy the source of our national prosperity by turning it over to all the other nations of the world?—(Ex change.)

The Cheapest Thing In The Modern World

The publisher of an important Canadian daily newspaper has said in his newspaper this:

THE newspaper is about the cheapest thing in the modern world for its value. If nothing else were considered save the usefulness of the advertisements and the market prices, to the average home, a dollar spent in newspapers must mean the saving of many dollars in a home.

It is not necessary to argue the value to you of your home newspaper. But we ask this of you: Isn't three cents a week little enough for The STAR, delivered to your post office, and which gathers together for you all the news of this community? No city daily can do what The STAR is doing for and in this town and neighborhood. It does not give you with desired fullness the news of Sligo, Heath, Greenshields, Irma, Edgerton and other districts. It does not tell you what local merchants have to offer you. Local news and happenings are told only sufficiently in a local newspaper.

The price of The Star becomes \$1.50 on and after Nov. 1st

WHAT we are concerned about is that you value your weekly newspaper to continue as a subscriber at the higher rate. Three brown coppers a week! You cannot say that you cannot afford them. They are the price of a postage stamp, half the price of a "smoke," the money you would give a child to buy candy with, the price of a pair of laces.

WAR LOAN

DOMINION OF CANADA

Issue of \$100,000,000 5% Bonds Maturing 1st October, 1931.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 97½

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:

10 per cent on application;
30 " " 15th October, 1916;
30 " " 15th November, 1916;
27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 15th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Script certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the script certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

INDIANS PREDICT MILD WINTER

The Indians assert that the coming winter will be one of the mildest in recent years. They base their assertions on the following signs—The oak trees have no acorns.

Squirrels are seldom seen.

Muskies have not started to build.

Far-bearing animals have thin coats.

Bark on the poplar trees is loose.

There are some other signs they go by for their assertion of a mild winter. And they are seldom wrong.

Mr. L. Bissen, who has been visiting his brother Tom, left for Ontario on Thursday last.

Mrs. Pleau, of Edmonton, is spending a short holiday with Mrs. J. Church on the farm.

J. Welch, the new manager of the Atlas Lbr Co. has invested in a Chevrolet this week.

Bud Simmerman has lost a mule Colt, 2 years old, and offering ten real dollars for its recovery.

Dr. J. Little, made a trip to Chauvin last week end to hold an inquiry into the death of a boy residing in that district.

Capt. T. U. Ross, of the 187th dropped off on Sunday while on his way to Winnipeg to resume command of his company there.

Mrs. A. Pinter and little daughter, both of whom are doing fine will leave the home of Mrs. O. Lewis for the farm at the end of the week.

Another happy farmer this week is N. V. King, who took 28 bushels per acre off 13-45-8 west 4, all which graded No 1 northern.

If the weather clears up, Archie Crawford will be getting right after his wheat threshing of which he has 300 acres all ready.

This week has seen the transfer of the S. D. Mills, business into the new office recently erected at the corner of Queen's and Second.

H. P. May put through a good deal last week and whereby the ownership of the Edgar Farm south of town was transferred to J. B. Wilcox.

The regular meeting of the local of the C. O. F. will be held in Castle Hall at eight o'clock tomorrow evening. All members are requested to be present.

The honor of bringing in the first load of this season's threshing fell to G. M. Rinas, who brought in a dandy load to the elevator on Wednesday last.

A meeting of the Wainwright branch of the Patriotic Fund will be held in the Council Chamber tomorrow evening at 8 p.m. when all collectors are asked to be present.

Geo Turnbull, of Heath finished his threshing on Saturday and reports that his wheat returns were 23 bushels per acre (grading No. 3) and that his oat crop went 50 bushels per acre.

The Rev Assiter performed the marriage ceremony on Thursday last when the Johns-Craig nuptials were quietly celebrated at the home of Mrs. J. Taylor.

Mrs. Bud Simmerman, returned from Edmonton on Friday last, whither she journeyed on account of the sickness of her baby, whom she took to a specialist.

The Ladies Aid of St. Andrew's Presbyterian Church, will hold a Sale of Home Cooking in the Annex on Saturday, October 7th. Tea will be served from 3 p.m. till 6 p.m.

Mr. S. D. Mills, Coal Dealer, wishes the public to know that he is independent of any other Company in Wainwright, and his business is not connected in any way with the Imperial Lumber Co. as has been asserted by some people.

As a farewell to a large number of local boys who were returning to their battalion at Sarcee, after furlough a pleasant little dance was given in the theatre last Thursday evening and the I. O. O. E. ladies provided the supper.

On September 15th, in the Presbyterian Manse, Mr. Jas. John Wakefield and Miss Elizabeth Ballertyne Steele, both of Clark Manor, Alta. were united in marriage. The happy young couple were attended by Miss Margaret E. Wakefield and Mr. Woodruff Clark. Rev. Thos. Murphy was the officiating clergyman.

EXCURSION RATES TO EDMONTON FOR SHEEP SALE
